Mc File No 156 of 1931-32

Serial No	
1	From The Chief Engineer of Mysore No. 9842 dated the 12th Jan: 1932 Forwards for sanction an estimate amounting to Rs 79,30 for the Drainage Scheme of Tarikere.
	1) The financial condition of the Tarikere Municipal Council as per sanctioned budget for the current year — Vide G.O. No L929-30 — Mnl 247-30-5 dated 15th/5th August 1931 — is as follows
	Opening balance. .. Rs 892
	Receipts Normal Rs 23,380 Special 31,250 Total 54630 55,522
	Expenditure: Normal 20809 Special 29000 Total 49,809
	Closing Balance 5713
	The normal expenditure is within the normal income & the prescribed Closing balance is maintained. In addition to this, the total investments in the Govt. S.B. Account & State Loan Amount to

NOTE—Contn Sheet

Rs 47420 The financial position of the municipality is satisfactory.

2) The scheme has been approved both by the Darkere ML. CL: and the Central Health Committee. The ML CL: have resolved that the work may be carried out in parts, the expenditure being spread over a number of years. They desire to take up first the main drains costing Rs 17000 & carry it out in three years at the rate of about Rs 6000 each year, the municipality contributing Rs 3000 per annum. The ML: CL: pray that Govt may be pleased to bear half the cost of the work & provide in the State Budget a sum of Rs 3000 every year for the next 3 years & that Administrative sanction for the whole scheme for Rs 79,300 may also be accorded.

3) The Chief Engineer recommends that the project as now prepared may be approved by Govt & thinks that it would be better to ask the municipality to spend their share of the whole estimate first & then

General and Revenue Secretariat | File No 156 of 1931-32

approach the Govt. for the remaining half, as the Zarikere Municipality has got some substantial balances at their credit

4) Submitted for orders.

Sd 22.1.32

5) The Fin' Secy may be requested in regard to the Govt meeting moiety of the cost of the scheme and the possibility of providing Rs 3000 in the budgets of the next 3 years

6) Sec' Secy) 26/1.

7) For favour of remarks Rs 30/1/32

8) File Sg with Compts.

K2727/1-2-32

9) As the scheme is proposed to be taken up in hand, it is necessary to accord administrative sanction to the whole project, as present. That part of the whole is very urgent may be recommended pushed through.

10) I agree with the P W Secy that the Municipality may be asked to finance this the whole of the cost of the first section of the work, which will be in operation for 3 years.

11) The question of the Govt contributing a moiety of this cost may be taken up after three years hence, when the water supply is in operation

24) I discussed this with Mr. Medleycott a few days ago. My first impression about the scheme being sound & the Estimate for which is about Rs 17,000. This part of the estimate maybe sanctioned & a small grant from out promised under the usual rules. The Municipality has a good balance at its credit & part may be paid after the work is executed.

L.S. 2'

Sir,

DRAINAGE SCHEME OF TARIKERE TOWN.

I have the honour to forward herewith, for favour of sanction of Government, an estimate amounting to Rs.79,300/- for the above work, received from the Executive Engineer, Bureau of Sanitary -- Sanitary Engineering.

2 A copy of letter No.C, 194-5 dated 12-9-31 received from the Director of Health intimating that the scheme has been -- approved by the Central Health Committee is also forwarded. The estimate has been countersigned by the President, Tarikere Town Municipality.

3. It is seen from letter No 442/30-31 dated 26-11-30 of the President, Municipal Council, Tarikere (copy enclosed) that the Municipal Council have resolved that the work be carried out in parts, the expenditure spread over a number of years. They -- desire to take up first the main drains costing Rs. 17,000/- and carry it out in three years at the rate of about Rs 6,000/- each year, the Municipality contributing Rs 3,000/- a year. They pray that Government may be pleased to bear half the cost of the work and provide in the State Budget a sum of Rs. 3,000/- every year for the next three years and that administrative sanction for the whole scheme for Rs. 79,300/- may also be accorded.

The project as now prepared may be approved. Whether Government can give a contribution as asked for by the Municipality, in the/

present state of finance, has to be decided.

It would be better I think to ask the Municipality to spend their share of the whole estimate first and then -- approach the Government for the remaining half, as I think the Tarikere Municipality has got some substantial balances at their credit.

I have the honour to be,

S I R,

Your most obedient servant,

M. Visvesvaraya

CHIEF ENGINEER OF MYSORE.
